

22KW ELECTRIC BOILER

These robust electric boilers deliver amazing reliability, they can be easily coupled to any existing heating and hot water system, quickly and efficiently. All our LPHW (Low Pressure Hot Water) boilers deliver large volumes of hot water on demand: for indoor and outdoor locations, at any time of the year, for a range of commercial, industrial and leisure applications. Great for testing underfloor heating systems.

FEATURES

- 24/7 Boiler hire service nationwide
- 24/7 support and maintenance for all equipment on hire
- Boilers from 10kW to multi megawatt packages
- Electric
- Emergency heat - including space heating of large areas
- Ensuring uninterrupted boiler service during planned maintenance
- Full installation service
- Immediate delivery
- Instant heat and hot water for locations and applications large or small
- Seamless connection with your systems

ENVIRONMENTS

- Agricultural Locations
- Building Sites
- Clothing manufactures
- Exhibition halls
- Factories
- Food prep areas
- Garages
- Marquees
- Retail and car showrooms
- Shops
- Sports halls and leisure centres
- Warehouses

TECHNICAL

- Plug type BS4343 5 pin 32 amp
- Power supply 415 V 3 ph N+E 50 Hz Run 31 A
- Average power consumption 21.5 kW/h
- Noise level max 35 dBA @ 10 metre
- Nominal heating duty 22 kW 75064 btu
- Weight 50 kg
- Control Automatic thermostat
- Dimensions l x w x h 600 x 550 x 1100 mm
- Lphw connections 25 mm / 1" stortz connector
