

MCM280 AIR CONDITIONING

A powerful 8kW unit that uses the latest in EC fan technology to minimise sound and maximise efficiency. The MCM280 can supply chilled air to 3 areas at once or via 10m of ducting while features such as a thermostat and variable fan speed allow precise control. Ideal for offices, data centres, events, retail and process cooling. Comes with 3m of exhaust duct and 1.5m of cooling ducting..

TECHNICAL

8.2kW Cooling
Standard 13A supply
Can be exhausted upto
10M (PD Model required)
21°C-38°C operating range
Full fan speed control
Thermostat
A rated for efficiency
