

AIRMEC CRM203

200 LITRE 3 HP THREE PHASE OR SINGLE PHASE BELT DRIVE COMPRESSOR

Two-cylinders cast iron head provided with cast iron valve plate and stainless steel valves at high resistance. The functioning at low r.p.m. and a cast iron oversized fly wheel permit a low working temperature. Intermediate and ending collectors with ample fins allow a further cooling.

The three-phase electric motor is controlled by a contactor with thermic protection.
