

TORNADO DIRECT OIL FIRED HEATER

The Tornado is a heavy duty direct fired oil heater which has a heating capacity of 69kW, providing large volumes of warm air for areas of up to 2,500m³ in size. The Tornado comes complete with a built-in fuel tank and runs on gas oil working with either an 110V or 230V power supply. Weighing just 58kg, this wheel-mounted product can be automatically operated by using a thermostatic controller, making it well-suited to a wide range of well-ventilated environments such as farm buildings, loading bays and construction sites.

FEATURES

WHEEL-MOUNTED – FOR EASY TRANSPORTATION

FULLY AUTOMATIC OPERATION – CAN RUN UNATTENDED

ROBUST CONSTRUCTION – WILL STAND UP TO THE RIGOUR OF INDUSTRIAL USE

110V OR 230V – SUITABLE FOR ALL APPLICATIONS

EASY INSTALLATION – PLUG IN AND SWITCH ON

FULLY PORTABLE – CAN BE POSITIONED EASILY

BUILT IN FUEL TANK – ENABLING IMMEDIATE FUNCTIONALITY

EXTERNAL THERMOSTAT – SET DESIRED TEMPERATURE
